El Segundo, CA 90245

Dear Mr. Herber:

Subject: Request for Parts Manufacturer Approval (PMA)
Supplement No. 1

This is in response to your letter dated March 30, 2017, advising that Jean King requested the Southwest Region to forward your PMA technical data to the Los Angeles Aircraft Certification Office for the issuance of a new Supplement No. 1 as you have moved from Dallas, Texas to El Segundo, California.

We have reviewed the drawing(s) and data submitted and find they meet the requirements of Title 14 Code of Federal Regulations (CFR) § 21.311. Also we concur with your instructions for continued airworthiness (ICA) for these parts. We sent your application to the Federal Aviation Administration, Los Angeles Manufacturing Inspection District Office (MIDO). We will grant production approval after validating your quality system. The FAA-PMA letter and attached supplement from the MIDO will document and set the scope of your approval.

Sincerely,

Ronald Atmur
Manager, Propulsion Branch
